## Is your child or loved one missing

*The Pink Ladies is a Section 21 NGO (Non Governmental Organization), specializing in searches for Missing persons, both in South African and internationally.*

*The Pink Ladies consist of a group of dedicated women and men, who are both full time workers & housewives, but also fortunate to count amongst or members – Private Investigators Psychologists, Criminologists, Lawyers and Pastors all whom have made it their personal mission to assist in searches for the abducted and or exploited, runaway teens or missing adults.*

*We are an independent group of volunteers, across the Republic of SA who, upon request work with any individual or organization that has the same objectives and partners of Saps. The valuable service provided by The Pink Ladies is strictly voluntary and performed for the love of children everywhere in South Africa, regardless of colour, creed or circumstances.*

*Our organization works very closely with the South Africa Police Services and has established solid working relationships with all role players involved in the recovery care and protection of our South African youth.*

*We assist members of the community by providing information on how and where to report missing persons, assist in active cases by providing the technology and means to create awareness as well as assisting families to obtain counseling once the missing are found. Although the majority of our case loads concern missing children, we have also participated in many adult cases, our saying being that “Everyone is somebody’s child”.*
